From the Paris Gazette, dated Feb. 28.

Rome, February 3.

THE Queen Dowager of Poland took her Leave of the Pope, and diſpos'd her Affairs in order to ſet out from hence the 29th of laſt Month, to go to Venice and thence to Germany, But ſhe has ſince deferr'd her departure for ſome days, in Hopes of having ſome good News touching the Enlargement of the 2 Princes her Sons. The 30th Cardinal Barbarigo had an Audience of the Pope, touching divers Matters relating to the Seminary which he has eſtabliſh'd very magnificently at Monteſiaſcone of which Place he is Biſhop, and which Seminary he governs himſelf with ſo great Care, that he has render'd it one of the moſt conſiderable in the Kind in all Italy; by the Regulations he has ſetled, and by the good Education the Scholars have in it. The 31ſt a Congregation was held on purpoſe to take into Conſideration the ſcandalous Diſobedience of two Commandeurs of the Religious Order of Knights of Malta; they were both condemn'd to ſeven Years Impriſonment, and the Commandeur Bertone a Savoyard, one of them, was beſides condemn'd to Kneel publickly ſeven days together in a Church, during all the Divine Service, and to ask Pardon of the Great Maſter of his Order, for having unneceſſarily and impertinently appeal'd to the Holy See, contrary to the Obedience he ow'd to his Superior.

Strasburg, Feb. 16. A general Diet of the Swiſs Cantons has been ſome time aſſembled at Baden, to accomodate amicably the Differences that have happen'd between ſome of the Cantons. They have ſent Deputies to make Complaint to Count Trautmanſdorf the Emperor's Ambaſſador, of the Innovation made upon them in the enhancing of the Price of the Salt they are furniſh'd with from the Empire; and to declare, that unleſs the Price of Salt be reduc'd to what it has been generally heretofore, they would take Meaſures ſuitable to their Intereſt: 'Tis ſaid Count Trautmanſdorf return'd them an Anſwer that does by no Means ſatisfy them.

From the Leiden Gazette, dated March 3.

Baſil, Feb. 22. The General Diet of the Cantons that was aſſembled at Baden, broke up the 19th of this Month, without determining any of the principal Affairs they met about, except that of Neukirch. The Catholick Cantons concern'd in that Matter have conſented to the enlarging of the Church of Neukirch, and the Proteſtant Canton of Zurich has engag'd that the Proteſtant Inhabitants of Neukirch ſhall make uſe of the ſaid Church but once on Sundays, whereas upon the Number of their Congregation being conſiderably increas'd, they have of late met in it twice every Sunday. The Deciſion of the Affair of Tockenbourg is put off to another time, becauſe the Cantons of Swits and Glaris would not conſent to any of the Expedients propos'd for determining it. The Deputies of the laudable Cantons having paſs'd no definitive Reſolution on the Affair of the new Impoſts laid upon the Salt with which Switzerland is furniſh'd from the Empire, have agreed to make Report to their Principals of what paſs'd in the Diet on that Subject.

From the Harlem Courant, dated March 3.

Baſil, Feb. 22. A few days before the Diet at Baden broke up, Monſieur Durler, Deputy of the Canton of Lucern, took occaſion to ſay, That the Swiſs Nation might acquire great Honour by endeavouring to diſpoſe to Peace the Potentates that are engag'd in the preſent War; That if the Proteſtant Cantons would uſe their Intereſt with the Emperor, England and Holland, he durſt undertake the Roman Catholick Cantons ſhould Interpoſe their good Offices with the Crowns of France and Spain; (which Crowns, he ſaid, he believ'd were diſpos'd to take kindly ſuch their good Offices.) He clos'd his Diſcourſe with a Repreſentation of the Honour the laudable Cantons would gain, by being Mediators of a Pace of ſo great Importance to Chriſtendom. But this Speech of his was receiv'd very coldly by the Aſſembly, who paſs'd it over without troubling themſelves to take it into their Conſideration. It may well be preſum'd Monſieur Durler was influenc'd by France to make this Motion.

From the Leiden Gazette, dated March 3.

Frankfort, Feb. 25. The Deputies of the Circle of the Upper Rhine have been aſſembled here ſome time, and are deliberating how to furniſh their Contingent of the Army the Empire is oblig'd to ſend into the Field the enſuing Campaign. Laſt Week ſeveral Hundred Cuiraſſes, deſign'd for the King of Denmark's Regiment of Life-Guards commanded by the Count of Reventlau, were prov'd here; and a great Number of them not being Proof againſt a Muſquet Ball, were return'd to thoſe who made them to be exchang'd for better. The Troops on both ſides, that have their Winter-Quarters on the Frontier of Alſace, are very quiet.

Cologne, Feb. 27. 'Tis reported the Differences that have been ſome Time between the Elector Palatine and this City, are amicably adjuſted, by the Interpoſition of the Prince of Saxe Zeits and the Pope's Nuncio. The Deputies of the Eſtates of the Circle of Weſtphalia are aſſembled here, and have under Conſideration the Means of furniſhing their Contingent being 12000 Men Horſe and Foot, with Artillery and Ammunition, to the Army of the Empire. Six Companies that are here of a Regiment of the Biſhop of Munſter's, have already receiv'd their Recruits, and are to March very ſpeedily to reinforce the Garriſon of Landau.
